### Follow these steps to complete this schedule:

1. Summarize the original costs of the assets by acquisition year and enter on the appropriate line of col. 2.
2. Col. 3 – Enter any additions or deletions in machinery or equipment, furniture and fixtures as per year acquired. Transferring of machinery or equipment, furniture and fixtures from another area to the location indicated by this form would represent an addition and should be listed as to the year acquired.
3. Col. 4 – summarizes the original costs of the assets by acquisition year after any additions or deletions. In the first row of col. 4, enter the assets purchased during the report year and shown them in the same manner as the other costs recorded in col. 4, prior to any adjustments to the original cost including: trade-in allowance, rental credit, salvage value, special first year depreciation.
4. Col. 5 – Is for the Assessor's use. Leave blank.

Remarks:

**Note:** Fixed assets expensed for income tax purposes – for the above schedule, you must include those fixed assets which may have been expensed for income tax purposes pursuant to Accelerated Cost Recovery Provisions (via the Economic Tax Recovery Act of 1981), as well as those carried on your books in the asset accounts.
